Application WO 91/16568

Description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Mr. Wolfson and Mr. Buchanan provided a model of the present invention. Mr. Wolfson pointed out that the Application WO 91/16568 reference discloses the tubular bladder (38) and not a tubular liner, as is claimed by the present invention. Mr. Wolfson provided a draft of proposed amendments, which included an assembly, an apparatus for installing, as well as the method for installation, which will be considered. All three of these inventions will be examined together. I will call Mr. Wolfson on Monday, 8 March, to discuss any changes that should be made in order for the amendment to be filed on Monday.

(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)

1. It is not necessary for applicant to provide a separate record of the substance of the interview.

Unless the paragraph above has been checked to indicate to the contrary, A FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION IS NOT WAIVED AND MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW. (See MPEP Section 713.04). If a response to the last Office action has already been filed, APPLICANT IS GIVEN ONE MONTH FROM THIS INTERVIEW DATE TO FILE A STATEMENT OF THE SUBSTANCE OF THE INTERVIEW.

2. Since the Examiner's interview summary above (including any attachments) reflects a complete response to each of the objections, rejections and requirements that may be present in the last Office action, and since the claims are now allowable, this completed form is considered to fulfill the response requirements of the last Office action. Applicant is not relieved from providing a separate record of the interview unless box 1 above is also checked.
